**Subject:** Pictures from the Exide Visit

Hi Ed and Bill, thanks again for allowing me to join you on the Exide visit. Would it be possible for me to get a copy of roughly 20 images from around the facility during our tour? It would be best if I could have some photos of different parts of the facility, both indoor and outdoor, and some images of staff inspecting various units at the facility. Please let me know, thanks.

I believe our email receiving limits are roughly 20MB per email, but I can receive separate emails below that amount. Alternatively, my supervisor, Barbara Gross, will be at the DTSC Sacramento office this Thursday and you could hand her a CD or flash drive to her and I could mail it back if needed.

Thanks for your help.
